Subscription, \$1.50 per year

CTY COUNCIL MEETING ALL ABOARD

The regular meeting of the City Council was held on Monday evening of last week. All the members were present, with His Worship Mayor W. E. Lorne in the chair.

CORRESPONDENCE.
Union of Municipalities re. convention.
The Red Deer Memorial Hospital wrote asking for cheque for \$500.
Soldiers' Civil Re-establishment re. L. Hardman grave.
The Inland Waterways Commission wrote re. convention.
The Superintendent of Mothers' Pensions sent notice re. allowance for Mrs. Werner.
The Dominion Association of Fire Chiefs wrote re. the annual convention.

The city clerk of Calgary wrote regarding milk inspection. The Red Deer Library Board wrote asking for grant of \$400, being an increase of \$200.

The Department of the Interior wrote with regard to the protection of birds.

The Canadian National railway wrote regarding taxes.

Terry Briggs and Co. wrote regarding the payment of the \$1000 fine.

The secretary was instructed to bring down recent hospital state reports at next regular meeting.

ALDERMEN BROUGHT ON TURNBULL
moved that the grant to the library be increased to \$400 for 1920. Carried.

COMMISSIONERS' REPORT
The Commissioners brought in the following report:

One of the reports received for the Fred Thompson quarter on the Haven River, now owned by the City. We do not wish to accept the offer, as it is related the land with the Soldiers' Re-establishment for \$2500, and believe there is fair prospect of fair return on this year.

We gave Mr. L. R. Reade permission to keep some stock on the Exhibition grounds on condition that he look after the grounds and buildings and prevent damage to them.

Chief Anderson had him sworn in as Special Constable and he will have necessary powers to deal with offenders.

We have inspected the nuisance ground with Chief Anderson and found this spring, and it is now in good condition.

Cost of all the Building bylaws have been prepared and placed in the hands of the Aldermen.

A cinder walk has been laid on First Ave. East, between 21st St. N. and 21st St. S., as sanctioned by Council.

As a matter of convenience, we have the following: Cost of 6 ft. plank walk 70 feet long at \$125 per foot, \$712.50. Cost of new cinder walk 70 feet long at \$125 per foot, \$712.50.

Saving of cinder walk over plank, \$454.50. The high price of lumber and labor makes it almost prohibitive to-day of new plank walks, and if a walk is about one fourth gone it will save money to take it up and replace it with a cinder walk. It was necessary to take up one block of plank walk on the north side of the street, between 6th Ave. and First Ave. East, as the walk was entirely rotten.

We appreciate the fact that the roads in the city are in a very bad condition, and we are improving them to very much at present to improve them. The city team is used as much as possible to haul material to the city, and we have had other teams engaged at \$100 per hour, working on the streets.

It will cost a lot of money to put all roads in good condition. We cannot get sufficient men to do the work, and we are now paying 50 cents per hour, which is 10 cents more than the C.P.R. men work a few days and nights, and we cannot depend on getting men to start a job and finish it.

The work of repairing the streets is nearly completed. We considered this the most important work to attend to. We are getting water and sewer applications in faster than we can attend to them, and citizens keep pressing to have these connections established as soon as possible. The grass in the Parks and on the boulevards is cutting, the approach to the bridge over the river is in bad repair and there are some bad cracks in some of the concrete walks which must be repaired this summer to prevent greater damage to them.

Some of the above work must necessarily be left undone for the present. The funds provided for the work for public works, construction and repairs is about used up already, and there will certainly be a deficit on these accounts at the end of the year, and other expenditures are creeping up, so we hesitate to spend any more money than is absolutely necessary.

We looked over the two proposed earnings of the C.P.R. and the Edmonton and Calgary. He is strongly in favor of having the crossing established at the end of Victoria Ave. and it is decided by Council to ask for this crossing, he states that his company will not oppose the application and will assist in paying for the cost of constructing the crossing. We requested Dave & Family to prepare estimates of cost of grading each of the routes to the crossings, and submit their estimates herewith. The crossing should decide which crossing to apply for as land will have to be acquired from the Townsite Commission for either one.

The new road through Waskasau Park from the A. C. R. road is now passable.

We submit statement of receipts and disbursements for May.

We submit departmental reports for May.

We submit accounts for your authorization to pay.

All of which is respectfully submitted.

W. E. LORNE, Mayor.

LOCAL NEWS

FOR INNISFAIR

THIS AFTERNOON

Our baseball team travel to Innisfail today (June 23) for a scheduled contest in the Central Alberta League. The game is called for 3.30 p.m., and this being a half-holiday, the boys expect a great bunch of rogues to go down with them. The rivalry in this league is growing intense. Get out your rusty glove and get to Innisfail this afternoon. Our boys have kept up their batting practice, and expect to knock another pitcher or two out of the box.

PONOKA HERE ON THURSDAY
There will be a home game on Thursday, June 24th, at 6.45 p.m., at the Fair grounds, when Ponoka will be here. Ponoka are now the league leaders, but the boys are determined to take them down a notch on Thursday, and this will be a good game. This team always bring a good bunch of supporters, so expect to be outrooted on Thursday night. "Outrooted" is a good expression, isn't it?

TWO GAMES ON JULY 1ST
Red Deer will play an afternoon and an evening game with Lacombe on July 1st. The afternoon game will be the regular schedule, and the evening contest will be the game of June 11 called on account of rain.

The Innisfail Province says: "Red Deer got back at Innisfail to their heart's content on Tuesday night, when they defeated our lads at Red Deer to the tune of 13 to 8. At one stage, Innisfail had the game in their pockets, 3 to 1, but took it out and presented to the northerners a platter, Red Deer scoring 10 runs in one innings. No one seems to know what happened, but it sure was a debacle."

On account of heavy rain during the day, Red Deer did not go to Ponoka on Friday night last in a very ragged game. Both teams only had nine men, and the result was a very close game. Red Deer, however, and Linton for the Veterans were the only ones who tried any combination, and they slipped through four goals.

CENTRAL ALBERTA LEAGUE
Ponoka 10, Red Deer 8, Innisfail 13, Red Deer 12, Lacombe 0.

FOOTBALL NOTES
The Veterans defeated the Firemen by 4 to 0 on Friday night last in a very ragged game. Both teams only had nine men, and the result was a very close game.

We appreciate the fact that the roads in the city are in a very bad condition, and we are improving them to very much at present to improve them. The city team is used as much as possible to haul material to the city, and we have had other teams engaged at \$100 per hour, working on the streets.

BRUMPTON & GAETZ Limited

THE SUNNY SIDE OF LIFE

Bathing Suits

Men's & Boys' Summer Underwear

We have lots of it for the biggest man or the smallest boy.

Natural Shade Balbriggan Shirts and Drawers priced from 50¢
 Merino Shirts and Drawers from \$1.25
 Natural Shade Balbriggan Combinations from \$1.25
 Merino Combinations from \$2.50
 Athletic Underwear of striped white Nainsook, "Hallmark" brand, from \$1.25

In these lovely balmy days of sunshine and open air we are more or less inclined to look to the sunny side of life. Nature helps us with all the elements at her command and we joyously respond to her gentle call. It is a part of our creed to keep to the sunny side of store life. We believe in optimism: that everything is working out for the best. We look into the future hopefully, having faith in the same liberal patronage of our customers that has been so increasingly manifest in the years that have gone.

But we are not leaving these things to "luck," for long ago we exiled that idea to the realm of things that don't exist. We believe that hard work wins, if energy is properly directed. We cannot dream ourselves into conditions—we must create them. And so you will find that this store gains in prestige just in proportion as the entire organization looks to the sunny side of life and faces the future hopefully and cheerfully.

VISITORS ARE ALWAYS WELCOME GUESTS HERE

We consider any one entering this store as our guest. Whether your purchase is large or small, or even if you do not buy at all, our obligation to please is just as great. By virtue of our store policy we consider ourselves indebted to all who cross its threshold, when they at once become our Guests. Any day that you come in we would be greatly pleased to point out to you the special values we have in the various departments, whose variety covers quite a nice range. Thus our interest in you takes on the form of Personal Service, such as you would bestow on your guests at home.

Small But Important Announcement

We have just opened a very nice assortment of Boys' Cotton Jerseys. The colorings are attractive and the prices moderate. and White. Despite their

For Men, Women, Boys and Girls

Most of them are made with skirts of suitable length and trimmed in assorted colors. Those that are in themselves sombre, take striking borders of gayly contrasting hues including Orange, Red and -white. Despite their smart fashioning they will not for a minute hinder you from enjoying real strenuous swimming.

Supplying the Demand for Royal Purple Calf Meal

This baby food for young animals is partially pre-digested, and can be fed to the youngest animals with perfect safety. It WILL NOT cause stomach or bowel trouble, which are serious ailments in young animals. Royal Purple is a sure preventive for scouring.

Calves Gain Rapidly Without Milk

When the calves are 3 or 4 days old they can be fed Royal Purple Calf Meal and raised just as well without any milk. A prominent breeder remarks: "I have used it for years, and it is the best I have ever used. I have used it for years, and it is the best I have ever used. I have used it for years, and it is the best I have ever used."

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-lives"

3 Ottawa St., Tulsa, P. Q.

"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again."

"One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it."

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

VALLEY CENTRE NEWS

Examination results, Valley Centre S. D. No. 517:

Passed from Grade VII to Grade VIII—Evelyn Pearson; 89; Hazel Ross, 86; Fred Bolte, 66; Sandy Purdie, 62; Fanny Clarke, 60; Elliott Piper, 60.

Passed from Grade VI to Grade VII—Elliott Piper, 66; Jennie Purdie, 61; Robert Kaiser, 67; Lovella Piper, 64.

Passed from Grade III to IV—Carl Smith, Edna Kaiser, Tom Corrigan, Calvin Turner, Loring Pollock.

Passed from Grade II to III—Bethel Smith, Christie Reay.

Passed from Grade I to II—Ethel Clarke, Wesley Pearson.

The closing play of the Valley Centre School District was held on Friday, June 12th, at Sandy Cove, Pine Lake.

The weather man was particularly kind, giving us the best day possible for the usual shaver.

All of us were safely home. We are indebted to the following for their kindness in leaving their work in a busy season and taking a carload of children: Roy Donaghy, Charlie Bolte, Wm. Pearson, Lyle Brown, Fred Moore, Edward Fussy, Mr. Corrigan, Vine Smith, Kit Reay; also to the ladies for the excellent luncheon. It was also mentioned that through the day there was no car trouble of any kind, no sickness, no one hurt, and everyone had a good time.

The winners of the races were as follows: Under six—Jennie Reay.

Girls under twelve—Emily Reay.

Boys under twelve—John Purdie.

Boys under 16—Elliott Scott.

Three-legged race—Robert Kaiser and Elliott Scott.

Couple race—Elliott Scott and Jennie Purdie.

Men's race—Lyle Brown.

LABOR MANIFESTO

DEFIES THE KING

Dublin, June 11.—A manifesto pledging support for the Dublin railwaymen and dockers in their refusal to handle munitions, has been issued by the executive of the Irish labor party and trade union congress. The manifesto declares that the British government, by using the consequences of that view, although the whole fabric of the commonwealth be convulsed.

"Not all the armies in the empire will compel us to become traitors to our own nation. We will not shrink from the consequences of that view, although the whole fabric of the commonwealth be convulsed."

Appeal to every man and woman in Ireland to support the Dublin men in the manifesto. It says thousands of pounds are needed weekly to provide for the workers.

The manifesto generally up to this time have only refused to handle munitions, but railwaymen at Dingle, County Kerry, refused to man a train with soldiers aboard. The soldiers were obliged to leave the train before it could proceed.

AT RED DEER FAIR

JULY 12-13-14, 1920

FOUR CASTING CAMPELLS—

America's Premier Comedy and Sensational Aerialists.

A quartette of Athletes of exceptional performing abilities who will give a remarkable exhibition of aerial somersaulting and juggling of human bodies. Their entire act is blended with humor and eccentricities of the most laughable kind. They are absolutely in a class by themselves and their entire performance is a series of thrills. This act by its brilliancy and humor stands unrivalled as one of America's longest Fair attractions.

THE BOUNCING CIRCUS—

A stunt jumping and horse contest on the trampoline which is the funniest thing that has ever been produced on a Fair ground. The fun becomes fast and furious as the most difficult feats are attempted, and the finish the performers give an exhibition of somersaulting which is the best and speediest on record. No one is barred and anyone who thinks they can do this work is welcome to enter the contest.

LAND SOLD NOT FIT TO LIVE ON

Soldiers' Settlement Board Comes in for Considerable Publicity.

Winnipeg, June 16.—The soldiers' settlement board paid \$15,000 in excess of the independent valuation for land sold to returned soldier settlers in Manitoba. It was disclosed before a committee investigating the affairs of the board yesterday.

This information was given out today by E. R. R. Mills, counsel for M. B. Fleming, the settler whose case was first investigated. The press is excluded from the sessions of the committee.

The report of the independent valuator showed that the land in the Amaranth district, said Mr. Mills, "was homestead property solely, and poor at that, and the possibility of paying \$4,000 or \$5,000 for it was remote."

As the result of the publicity given to the Fleming case a number of other cases have been unearthed and Mr. Mills declared today that it was to the interest of the returned soldier settlers to know that land had been sold to settlers, which, according to the independent valuator, is not fit to live on.

THE TWO-DOLLAR WEEKLY

At the annual meeting of the Manitoba Division of the Canadian Press Association, which was held in Winnipeg on Friday, April 23, a resolution was unanimously adopted to raise the subscription rate of weekly papers to \$2.00 per year, and the members of the association, who were present at the meeting, were practically one in the opinion that this rate should be made effective immediately.

The added cost of publishing a newspaper has multiplied so rapidly that it has been difficult to meet the situation, and in the case of the country publisher this has perhaps been less easy of solution than in the case of the larger publisher. It is now recognized, however, that newsprint is likely to remain high in price for some time, and with the additional higher cost of production (even) has been kept in mind by the publisher, generally that subscription rates as well as advertising rates must be advanced in order to meet the added burden.

After all it is largely a matter of courage that is required on the part of the publisher to advance his subscription rate. The public have accepted as a fact that they must pay more for their newspapers, and not only Manitoba weekly newspapers, but all Western weekly newspapers should at once adopt the \$2.00 rate and put it into force without delay.

THE RED DEER BUTCHERERIA

CAMERON & FEENEY, Prop.

THE BIGGEST THING

The biggest thing in the world, without any question, is Christianity. Christianity, however, is the establishment of God and therefore ought to be the biggest thing in the world.

By Faith I mean taking Jesus Christ for all He claims Himself to be and able to do all He has promised. This Faith oftentimes is born, grows and attains its full potency amid doubts and questionings.

Faith makes men. Faith to men is what a mother's presence is to her child. He who does not possess Faith, though he may have almost everything else, lacks the one big thing. What did Jesus have in mind when He said to the rich young fellow in His presence, "One thing thou lackest?"

When a person loses faith, he loses everything. Men of Faith are men of action. Men may dream, plan and scheme, yet what is ever accomplished without Faith? These men are entrusted with talents. Two increase their talents one hundredfold, only as far as I can see, because of Faith. The other hides his talent in the earth, because he was afraid. The man of Faith is never a coward.

Faith binds men together, in friendship and love. When men hold Faith, peace, happiness and prosperity abound. When men break Faith, chaos, misery and ruin result. The old, old story of bloodshed and devastation is nothing else than jealousy and distrust.

The man of Faith out of the world and at once everything goes to

Semi-rigid Tailoring fits the hard to fit as well as the normal figure.

Physique type, designed based on the seven distinct figures of men, makes it comparatively easy to meet any little alterations in the form of the man who is "different."

Type A—The short or stub figure.
Type B—The average man.
Type C—The tall man.
Type D—The slender man.
Type E—The short, stout man.
Type F—The average stout man.
Type G—The tall, heavy man.

Should your exact style not be in stock, ready to try on, we can have it made to special order in four days from your own cloth and style selection. Real custom-made garments.

PRINCE IN SYMPATHY WITH "WHITE" AUSTRALIA

Sydney, N.S.W., June 17.—At the Governor-General's luncheon last night the Prince of Wales made a striking declaration of sympathy with the policy of a "white" Australia.

He said that he could see with faith and force Australians had taken to heart the aspiration expressed by the first Prime Minister of the Commonwealth, Mr. Barton, of a nation for a continent and a continent for a nation. His Royal Highness continued: "You have determined that this nation shall be a pure race where all citizens shall have an equal chance. You do not follow the ideal in selfish isolationism, but you are prepared to give your best for the Empire and for the worldwide cause of liberty. I am quite sure of one thing, and it is that as Australia stands by the Empire so will the Empire stand by Australia for all time."

The remarks of the Prince were heartily cheered by a distinguished audience.

HELP THE CHILD TO HELP HIMSELF

It is difficult for a child to realize the value of money. Make him a present of a Savings pass book. The Savings Account will mean for more than the amount deposited. It will mark the commencement of THE HABIT OF THRIFT.

FROZEN FISH

Do you know the principle of the refrigerator in the home in which you place foods from day to day to be preserved? You have absolutely no prejudice, have you, against foods that are preserved for several days in it?

Well, then, fish when taken from the water are frozen immediately, and a glazed coating is put over them. Immediately they are put in cold storage and are preserved in the same state until required. During hot weather they are shipped to long distances in this condition, as it would be impossible to ship them the same distance in a fresh state. Analysis shows that the fish taken to the kitchen in a frozen state contains 100% of the food value it had when taken from the water, and an experiment on your part will prove that it contains 100% of the delicious flavour.

NEW VARIETIES OF WHEAT

Each province is shown by a series of articles in The Agricultural Gazette of Canada for May to have taken an important part in extending wheat cultivation in Ontario a new variety of fall wheat, called O.A.C. No. 104 has been produced by crossing Dawson's Golden Chaff with Bulgarian. This variety has beaten all other sorts in the province during a number of years. The Manitoba Agricultural College has devoted its work on wheat particularly to the classification of new strains and varieties, the making of variety tests, and, by hybridizing, the selection of pure lines and the production of better strains. A scheme for making available to all parts of the country varieties of the best kinds has been undertaken by the Ontario Agricultural College. The Field Husbandry Department is producing and selling to accredited growers and the provincial demonstration farms seed of pure strain. The crop will be purchased, back, properly cleaned, and again sold to farmers in the various agricultural societies throughout the province.

WHAT OF THE FUTURE?

Toronto Star: The next parliament and government will feel that the time has come when they must get on with new business, and get the country going on its new career.

The present government having been in the war, having adopted and enforced conscription, having seen armies of men go away, and their shattered ranks return, must feel a responsibility toward the returned soldiers—must feel a more direct responsibility in this whole matter—than any subsequent government from the time as time goes on and the war recedes.

What the present government of Canada refuses to the soldiers no government later on is likely to grant.

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, Friday, June 18.

Cattle
Beef has taken another severe slump at Calgary, and the top steers are hard to sell at \$12 and cows have to be really good to make \$12; the price range about a dollar and a half under last week's buyers are not at all keen and a great many steers would be going very cheap but for a demand by the slaughterers for good feeders, and this class and the stocker steers are higher than a week ago and with improved feeding conditions the market on this class looks active. Choice beef from \$12.50 to \$13.00; good steers, \$11.50 to \$12. Choice cows \$10.50 to \$12; good butchers, \$8.50 to \$10.50. Stocker cows and cows are from \$8.25 down. Feeder steers are from \$8.75 to \$11; stockers, \$8 to \$9.50. Bulls are slow at from \$7.50 down. Very few calves offered and the best veal from \$12.25 down.

Hogs

Hog prices at Calgary have been weaker during the week and on Wednesday the select were at \$18.75; Thursday there were not any sold, and this morning there were a few on hand which went over at \$18.50-\$18.75. During the week the price on hogs at Edmonton had been holding around \$19.25, but Thursday this price was dropped to \$18.50 and the market looks steady at that level.

Sheep

There were a few sheep on the market at Calgary yesterday and a mixed bunch largely wethers, with a few ewes and lambs all about \$13.25, and the demand not active. At Edmonton there were some light ewes and wethers sold at \$13 and common ewes at 10 to 12c.

Horses

No demand for horses at any of the Calgary barns.

Grain

Markets continue strong on all grains and cash appears to be hard to get. Crop conditions all over the continent are favorable and the first of the new crop oats in the states is coming on the market. Parts of Southern Alberta which were affected by recent high winds will benefit by rains which have fallen during the past couple of days. Central Alberta is looking very fine and some parts of Northern Alberta are getting a little too much rain. On the whole the Canadian crop outlook is good. There has been a little damage by grasshoppers and locusts, but not very great on the whole.

Produce

Egg prices are quoted lower again by the Calgary jobbers this week as payment is made on a basis of \$9.50 loss off; quality of stock is poor. Dairy butter quoted slightly weaker, and fancy table stock from 39 to 42c; No. 1 36 to 39; straight receipts of good quality butter 35 to 36c. Creamery butter unchanged. Butterfat prices steady. Market lower on fowl, now from 23 to 25c. Potatoes about the same market as country prices around \$75. Hay market slow, track prices at Calgary from \$40 to \$50.

Wool

No quotations made yet and prospects of the market are very uncertain until mills start buying.

Hides—Furs

Hides all quoted weaker and decided drops in some lines. Butchers' flint dried down to 14 and 15c; kip skins 10 to 14c; calskins, 14 to 20c. Hides weaker and now from 20 to 24 for No. 1.

Buyers unwilling to take on furs at any price.

REGULAR MEETING OF G.W.V.A.

The regular meeting of the G.W.V.A. was held on Sunday afternoon last, with Com. R. W. Alcock as chairman, there being a smaller attendance than usual.

The minutes of the previous meeting were adopted.

On account of his departure from Red Deer, Com. E. F. Page tendered his resignation as 2nd vice-president.

The resignation was accepted with regret, and the Comrades wished Mr. Page success in his new duties.

On a motion being taken, Com. C. Roland was appointed to fill the vacancy.

Correspondence from the Soldiers' Settlement Board and Military District No. 13 was read and dealt with.

A statement of receipts and disbursements was read and accepted, and President W. G. Paterson received a vote of thanks for his secretarial work for the past month.

After some general discussion on matters relating to the welfare of the association the meeting adjourned.

NEWS WEEKLY SERMON

By Rev. G. D. Armstrong

Every man that striveth for the mastery is temperate in all things.—Major Moses, replied the officer.

During the next few weeks I propose to discuss the relationship of religion to various phases of human activity: Religion and Play; Religion and Business; Religion and Politics.

It is very evident that St. Paul as he visited the cities of Greece was often a witness of the athletic sports of that day. He found in these games illustrations of the spirit which he desired men to possess. Play, however, is not only a symbol of religion, it is in itself a religious value.

It is clearly seen in this letter to the church at Corinth that there were differences of opinion upon questions of moral conduct, and that

some people of that day had very decided opinions upon the questions of right and wrong. Some also who professed to be "enlightened" were put up with pride and disregarded the interests and opinions of others. Paul, in dealing with these vexed questions lays down the principle of brotherly love as of paramount importance and it will be well for us in this age if we are wise enough to adopt the same law of love as the guiding principle in matters of conduct today.

There are forms of amusement, in themselves quite harmless, which some regard as very sinful, and we greatly need the spirit of toleration and brotherliness if we are to be fair in our judgment of people and their ways.

It is not wise for the church to assume the position of dictator in matters of conscience, but it is essential that it should declare the great principles which each man must apply for himself. Only in this way can personal judgment be developed and moral character be built upon sure foundations.

Play is natural to childhood, and if we are to live at our best, it will continue to have a place in our mature lives as well. A little sense now and then is relished by the best of men. The bow that is never unstrung will lose its elasticity, and the worker who never takes a holiday will lose the buoyancy and brightness of life. We need to play if our lives are to be sane, cheerful, courageous and energetic.

Play ceases to be valuable when it dissipates our energies instead of storing them. Every one that striveth for mastery is temperate in all things.

The freedom, self-abandonment and desire to do one's best which is generated in play is designed to draw out the latent powers of our nature.

"To man propose this test, Thy body at its best; How far on its lone way, can it project the soul?"

Play is also co-operative. Through it we learn how to line up with others in a common cause. The effect of early habits is seen in later years and it is difficult for those who have not learned the value of team play in their youth to develop a true community spirit in their later years.

The part to all reformers is that they begin to take themselves too seriously, and in their absorption in the interests which engross their minds, they lose sight of other forces which also are working for good. A "narrow" sense of humor upon the part of their leadership would save many a worthy cause from failure.

Our play life suffers through being commercialized. Watching professional games is a poor substitute for playing the game. Professionalism in sport or religion tends to become vicious.

A little Russian girl, being asked by the priest what was the most important thing in baptism, replied very simply, "The baby."

The most important thing about play is not the form of amusement, but the effect upon the player. Play should build up our physical, mental, moral and spiritual nature. It should quicken our intellect, clarify our judgment and strengthen our will.

It is not an end itself but a means to an end—the perfecting of our lives.

It is said that very many women, who have been almost driven to insanity by the loneliness of this western country, have been saved by the social gatherings which have been held. Social life, though often very

unconventional, is a very real means of grace. The present universal craze for dancing and card playing is a reaction from the stress—and to in higher and better forms of entertainment if the truest type of citizenship is to be developed.

remains the only form of amusement possible to many. The instinct to play must be trained and ministered to in higher and better forms of entertainment if the truest type of citizenship is to be developed.

DAY HARDWARE CO.

TRADE WHERE THE TRADING'S GOOD

POUND LAW PASSED

The Pound Law, having passed its third reading, now becomes law in district 35, Municipality of Golden West, 771. A petition to the Minister of Municipalities against the herd law was read at the Council meeting on the 19th of June, but as this petition was not to the Council but to the Minister of Municipalities, the Council could do nothing but pass the law on the advice of their solicitor. It will now be up to the farmers in that district to see that they do not allow their animals to run at large, as considerable complaint has been made to the Council over the fact that the entire animals of the district are breeding have been running at large to the injury of the stock.

SCREEN MAGAZINE GRINS

A New York department store advertises a very appetizing lunch for 40c. This price enables a woman out shopping to say, "Keep the change" to the waitress when she hands her a half-dollar.—Judge.

"Are caterpillars good to eat?" asked Tommy at the breakfast table.

"No," said his father. "What makes you ask such a question while we are eating?"

"You had one on your lettuce, but it's gone now," replied Tommy.

"All right back there?" called the conductor from the front of the car.

"Hold on," came a feminine voice. "Wait till I get my clothes on."

The entire carload turned and craned their necks expectantly. A girl got on with a basket of laundry!

CASH SALE OF FURNITURE

Having received instructions from Mr. John Ross, I will sell by public auction, at his residence, on corner of 2nd Avenue and 3rd Street South, on June 28th, all the following household effects:

MONDAY, JUNE 28th

CHINA AIGHT JOIN ANGLO-JAP ALLIANCE

Triple Alliance for the Far East in Which the Chinese Would Be Very Carefully Safeguarded.

Peking, June 17.—China should be admitted as a member of the Anglo-Japanese alliance, thus making it a triple alliance for the Far East, according to the conclusions reached by the Peking and Tientsin Times in a lengthy series of articles dealing with the approaching renewal of the Anglo-Japanese pact. The paper says: "The treaty should be modified insofar as necessary to make China a party. It is a serious departure from the usual practice in international relations for two powers to enter into an agreement respecting the interests of a third power without the latter's assent, and one which in our view ought not, in this instance, to be perpetuated. The inclusion of China in what would then become a triple alliance for the preservation of peace in the Far East and the maintenance of her integrity and independence and of the principle of equal opportunities for the commerce and industry of all nations, would constitute the most effective guarantee that nothing affecting her welfare would be done by either of the other parties without full and frank consultation with her."

CHINA SAFEGUARDED

Besides the admission of China to the pact, the Times proposes a series of conditions in the new treaty, by which China shall be safeguarded. One of these would bring about the restoration of China's sovereignty over the Line Tung peninsula, including Port Arthur, and the reversion of the South Manchuria railway to Chinese control at the expiration of a definite period. Other conditions proposed are summarized as follows: "The independence of China today is violated by the presence upon her soil of foreign garrisons other than the troops provided for under the 1901 protocol and the limited number of railway guards permitted for the guarding of the Manchuria and Chinese eastern railways. Great Britain should insist therefore as a condition precedent to the renewal of the alliance upon the withdrawal of all Japanese troops on Chinese soil whose presence is not provided for in treaties or agreements in operation on July 13, 1911.

"Although Tientsin was forcibly occupied by German troops, the administration of the port and leased territory aroused no serious opposition until 1914, when Tientsin became a base for warlike operations against allied shipping. The German methods of administration were liberal compared with those of the Japanese, who are aiming to make it a closed port. The restoration to China of Tientsin under a régime which guarantees equality of treatment to all the powers should therefore be insisted upon by Great Britain.

CONTROL OF RAILWAYS

"The Shantung railway, which is at present being used mainly to exploit Japanese interests and as a pretext for the presence of Japanese garrisons in Shantung, should become a Chinese government state railway, operated by a Shantung railway corporation on terms similar to the state railways operated under British supervision.

"The practice of treating the nationality of members of the customs service employed in the higher branches of the service at Tientsin and Dalen as a test of fitness, which in effect places the heads of the customs in these ports under the dictation of an interested power, should be discontinued.

"Britain and Japan should mutually agree to withdraw their portfolios from China as soon as France, Italy and the United States are prepared to do likewise.

PLAYING THE GAME

By B. C. Forbes, in Forbes Magazine, New York.

Business is as much a game as golf, or baseball or football.

Life itself is aptly likened to a game.

To win, to earn and enjoy the fruits of victory, you must play fair.

A cup or medal or other trophy is not the real prize the victor receives; the real prize, the real reward, is the satisfaction derived from superior, worthy achievement.

Wealth is not the real prize of life. It is only a trophy, a symbol, and may carry with it no satisfaction; indeed it does not carry with it genuine, lasting satisfaction unless it has been won fairly, honestly, honorably.

The more I see of rich men and the closer my insight into the workings of their minds and hearts, the more strongly convinced do I become that great wealth is no passport to happiness nor proof of true success.

It is an old truth, but it needs reaching every sunrise, so many do not know it, or, knowing it, do not heed it. If they could only see things in their true colors, if they could only peer into the hearts of many millionaires, they would order their lives more rationally and enjoy life more thoroughly.

To win out you must play the game every time.

"Look at So-and-So; he has everything he wants, yet everybody knows that he made his money by shady practices," you may reply.

Do not fool yourself that Mr. So-and-So has everything he wants. Do you imagine that he doesn't know how you and other people regard him? And do not think for a moment that he enjoys being looked at askance, or that he wouldn't exchange most of his ill-gotten gains to stand high with you and other people—and to stand high with himself.

There have been wholesale efforts to reap more than has been sown, to tilt the scales unfairly, to cheat, to flout the scales of justice, to let laborers and labor slakers get their just reward.

The call is for the fellows who can be depended upon, under any and all circumstances, to play the game. The things that count are the things that last. Playing the game lasts.

PLOT AGAINST BRITISH RULE IS UNCOVERED

Details of Much Heralded Uprising in Mohammedan World Uncovered.

Washington, June 17.—Details of the much heralded uprisings in the Mohammedan world against British rule and in favor of the Turkish Nationalists and Bolsheviks have been received here today in official advices.

The reports confirm advices as to Moscow and Munich conferences received some time ago by the United States state department.

CONFERRING WITH LENIN.—Enver Pasha, Djemal Pasha and Talaat Pasha, Turkish Nationalist leaders, were reported to have had conference with Spartacists and Bolsheviks at Munich, while representatives from India, Egypt, Afghanistan, Persia, Azerbaijan and Georgia met Turkish Nationalists and Lenins, the Bolshevik leader, at Moscow.

Plans for uprisings in the Mohammedan world, coincident with a Bolshevik thrust on Persia and India, are said to have been laid at these meetings. A force of 100,000 troops was promised the Mohammedan world by Lenin at Moscow, it has been reported.

TRAINING SCHOOL AT MOSCOW

Following the two conferences, a training school was established at Moscow for representatives of the Turkish Nationalists, according to the official dispatches received here. From this school, after a rigorous course of instruction in the plans for the march southward from ten to twenty and fifty of the "young Turks," it is said, were sent to propaganda headquarters in Persia, Afghanistan, India, Egypt, Georgia, Azerbaijan and Bulgaria to promote the intrigues and make ready for the march southward of the Bolshevik army through India and southward toward Egypt.

ENVER PASHA IN BERLIN.—Enver Pasha, chief of the Turkish Nationalist conspirators, was reported, arrived in Berlin for a second visit last week, acting as the official despatcher received here.

Official reports as received here for several months have told of unrest in India and the effectiveness of the "young Turks" propaganda there. Complete cessation of business as a protest against British policy toward the Khaliphate was observed recently by Hindus, Parsees, and Moslems alike in Bombay, which was described as "an unprecedented loss to commerce."

PLANS OF BOLSHIEVIK

Generally, the plans of the Bolsheviks are said to include the diversion of British attention from Mesopotamia to Egypt by the uprising of the Senegal and the Congo and the occupation of the Balkans by the Bolsheviks. The order is regulation under section 26 of the Board of Commerce act and persons indicted under this regulation will be prosecuted by the attorney-general of the province in which the offence is committed.

SUGAR PRICE FIXED AT 23 CENTS A POUND

Speculating in Sugar is Now Indictable Offense; Board of Commerce Issues a Strong Mandate.

Ottawa, June 18.—Speculating in sugar is now an indictable offence in Canada. The board of commerce has issued an order restraining refiners from selling to other than wholesalers, manufacturers or retailers; wholesalers from selling sugar to other than manufacturers and consumers; and that in quantities not greater than the normal requirements of trade or household; and all other persons from selling sugar in excess of the reasonable requirements of the buyers' household.

The profit which sugar dealers may make is restricted to 2 cents per pound or 5 per cent. The practice of advancing prices on stocks when refiners' prices advance is prohibited and the system is ordered of fixing the price of sugar at a profit of 5 per cent based on the average cost of all sugar in stock at the time of sale. Two cents per pound over refiners' prices at Montreal, Chatham or Toronto is prohibited for the three districts of the Dominion, is declared to be the maximum profit.

THE RETAILERS' PRICE

When the "retailer's" price now standing at 21 cents per pound, a retail price of more than 23 cents per pound is declared to be an unfair profit-taking on general sales, and in cases where the sale of one-pound lots may involve a loss for the dealer, a special price of 23 cents per pound may be charged, or the dealer may refuse to sell less than the four pounds, or may require the purchase of two pounds charging 47 cents for two pounds.

In special cases where a spread on refiners' prices may necessitate higher prices, a maximum price of 95 cents for four pounds is fixed. Wholesale prices of 23 cents per pound, a percentage higher than refiners' prices, which will prevent retailers from obtaining at the prescribed 5 per cent profit.

All these prices refer to granulated sugar. Lard sugar, lump or sugar in cartons is excepted.

DRASTIC RULE FOR REFINERS

Ottawa, June 18.—Drastic regulations are made for the handling of raw sugar. The Canadian refiners are ordered to sell raw sugar, acquired up to September 30 next, except to another refinery, or with special permission from the Board of Commerce. Refineries are requested to file with the board copies of every contract for raw sugar.

All the foregoing regulations are effective until September 30 next and persons concerned may file any objection they have to make with the board, which promises to make special orders where justice and reasonableness demand.

Refiners are also restrained from increasing their price on granulated sugar without the consent of the board, which means that until such consent is obtained the retail price of the consumer will average at 23 cents a pound on an average, and not more than 23-34 cents a pound in special and isolated cases.

The order is regulation under section 26 of the Board of Commerce act and persons indicted under this regulation will be prosecuted by the attorney-general of the province in which the offence is committed.

LEAGUE HAS DONE MUCH GOOD WORK

Hon. A. J. Balfour Outlines What Has Already Been Accomplished.

London, June 18.—Right Hon. A. J. Balfour, lord president of the council, outlining the house of commons, yesterday, the work done toward setting up the organization of the league of nations, in its present position, and its prospects in the future, said that the league had already been able to perform considerable service to the comity of nations. The secretary was now, broadly speaking, complete and adequate for the immediate duties of the council, and an office had been established for the registration of treaties. Probably the most important aspect of the pact, said Mr. Balfour, is that in the future, no contract between nations would be valid unless open to inspection, and the change to open diplomacy, he thought, would be beneficial.

EXPORTS QUESTION

Mr. Balfour declared that the important question of exports among the nations composing the league would be submitted for the consideration of experts when the international finance committee met at Brussels.

"If the league fails to promote a diminution in armament," Mr. Balfour continued, "most of its value will be gone, and we will have to admit that it has failed to carry out its great expectations entered into with regard to its future activities."

Previous to Mr. Balfour's statement, Cecil Harcourt, under-secretary of foreign affairs, answering a question, said that £170,000 had been contributed for the use of the league of nations by its members to June 15. No information was forthcoming as to the amount contributed by each member.

OPPORTUNITIES MISSED

London, June 18.—That the league of nations has missed two great opportunities with regard to Russia and Persia was the statement made by Viscount Grey in a speech at Stratford, Essex, a suburb of London, last night. The former secretary for foreign affairs contended that the only policy toward Russia was one of non-intervention, since Russia was too big for even the allies together to try and bring order in the country.

The Anglo-Persian agreement, Viscount Grey declared, had given the wrong impression that England was seeking her own interests in Persia. That, he added, had done great harm, and the only remedy now was to submit the agreement to the league of nations for approval.

The Finger of Prudence

There is a time for everything. Right now is the time to put in your supply of winter coal. Prices have already advanced wholesale from 50 cents to 75 cents per ton, and will still go higher. Furthermore, we will see the biggest coal shortage this coming winter we have ever experienced in the West.

Order Your Coal Now

We have the best coals on the market—Gait, Midland, Newcastle, Pembina, Black Gem.

See us about filling your bins on our deferred payment plan.

ADAM CAMPBELL KILLED AT SAUNDERS

Mr. Adam Campbell, aged about 35, met his death at the Saunders Creek Collieries, at Saunders, on Thursday morning last by a cave in, due to the car knocking out one leg of the bridge stick and allowing the coal to come down. Three other men had a narrow escape. Giovanni, Franceschini, grabbed his partner Ivar H. Vaughan, and threw both back out of the falling coal, while Gene Santiago had just gone back to look after a shot.

A car had got off the track with all four wheels and the four men, two in front and two behind, were striving to get the car back on the rails, with the assistance of the power from the hoisting engine which draws out the cars. Campbell was giving the signals to the hoistman by a wire and bell. In one pull and heave the side of the car struck one of the props at the side close to the track and knocked it out, allowing the bridge stick above to fall and the coal with it. Campbell was caught and it was half an hour before they could get him out. He had been crushed to death.

Franceschini were both watching the bridge stick, but Franceschini at the back escaped with a crack on the head with a piece of coal, and saved his partner too.

Coroner Dr. George went out by special and empaneled a jury composed of John Smith, foreman; Jas. Rainey, James Mosley, Barnard Teed, Abner Wytz, and Felix Olsen. After hearing the evidence they found a verdict of accidental death.

BRITISH TROOPS IN ASIA MINOR WELL ENTRENCHED

Constantinople, June 18.—British troops which are confronted by Turkish nationalist forces on the island peninsula in Asia Minor, southeast of Constantinople, are well entrenched and well supported by the British fleet in the gulf of land and in the Bosphorus. For that reason, no apprehension is felt that the nationalists will attack this city.

Nationalist aeroplanes are dropping bombs on the British trenches for the evident purpose of goading the British into an engagement, but while the British are sending reinforcements to land, there is apparently a disposition on their part to avoid fighting if possible.

For the last two days, however, there have been skirmishes along the north shore of the gulf of land, and British wounded are arriving here. Guedda, near the gulf, and half way between Constantinople and land, is occupied by nationalist forces, which also hold the mountains north of the gulf, but a short distance from Constantinople.

Inmates of the Armenian orphanage at land have been brought to this city on the railway, which is still operating. A large number of other refugees have also reached Constantinople from the Asiatic side of the Bosphorus.

MACBETH - MACDONALD Joyous Wedding Festivities at Condon

Headtable, the home of "Chlor" and Mrs. A. L. Macdonald and family, Condon, was the scene on Wednesday evening in honor of the marriage of Miss Violet Constance, fifth daughter of the house, to Mr. John Macbeth, son of Mr. Arch. Macbeth, of Perthshire, Scotland. Relatives, friends and neighbors gathered in the early evening at the new house, to witness the ceremony and enjoy the festivities: it is needless to say they received a royal Highland welcome. The charming bride was daintily attired for the ceremony in white silk embroidered with veil and orange blossoms, her veil being held by her two nephews—Hector Ellis, Condon, and Arch. Addins, of Los Angeles, California—smartly dressed in the Macdonald tartan. She was attended by her young-on sister, Miss Alma, also beautifully gowned in white embroidered veil. The bride was given away by her father, who would have been attended in the kilt by the unfortunate destruction of the old home, with its cherished memories, by fire last year. Rev. G. Armstrong, of Red Deer, performed the ceremony. Mr. Hector Macdonald was groomsmen. The bride party formed a pretty picture, the window where they stood being decorated with white and pink carnations, the tables being set out in similar flowers. Mr. Macbeth sprang to arms in August, 1914, and got over seas that year with the Royal Horse Artillery, giving three years' service at the front, being wounded and invalided home in 1918. He has been on the staff of the Hospital for Returned Soldiers at Lord Laver for nearly two years, but has gone on his farm at Condon this spring.

After the ceremony the bride party and guests sat down to the generally appointed wedding supper, after which the spacious floor of the new home which is in process of building, formed a very nice dancing floor, where the fun was kept up until four o'clock. The editor was the only individual who got any sleep, and he got two hours; the preacher sat it out. Mrs. Smith, Mrs. Blair and Mr. Duncan on the organ, and Mr. Craig, Mr. Chisholm and Mr. Blair on the violin, furnished capital music. The chief led in the Highland reel, while Miss Alma Macdonald and Mr. Charles Sinclair, Red Deer, were foremost in delighting the guests with some pretty free-flung Highland steps. Miss Alma gave the sword dance in good style. The Scotch music and the Scotch dances were duly honored. Mr. J. A. Kerr contributed a humorous Scotch reading. Mr. Chisholm and Mr. Herrington gave two fine songs. Mr. Kerr and Mr. Patterson proposed the toasts of the bride couple and the chief, the bride was showered with confetti, and altogether things moved. Mr. Ellis making a most helpful master of ceremonies.

Mr. and Mrs. Macbeth, after a short honeymoon at Banff and Calgary, will go to their farm at Condon. They were remembered with many beautiful gifts, the groom's gift to the bride being a gold bracelet set with stones, and to the bridesmaid a bracelet and brooch.

Among other guests from outside were Mr. and Mrs. E. Macdonald, of Strathcona; Mr. R. Harrington and Mrs. Herri gton, the bride's sister, from Culcairn; Mrs. P. Addins, the bride's sister, from Los Angeles, Cal.; C. P. R. Conductor Nevin, Calgary.

The young couple will be followed in their new relationship by the best wishes of many friends.

HENRY JAMIESON DEAD

Old Timer and Prominent Citizen
Passes to Long Rest.

Mr. Henry Jamieson died at his residence, Sylvan Lake village, Wednesday morning in his 77th year. He was taken with a stroke last January and, though he improved somewhat at first, his condition has been losing strength and he passed quietly away, retaining his mental faculties almost unimpaired to the last.

Mr. Jamieson was born at Horton, Renfrew County, and was a farmer and drover all his life in his early days. He was an expert plowman, winning a number of prizes through his skill. For thirty years at Renfrew and Pembroke he and his brother carried on an extensive business as drovers and purveyors of cattle and meat in Eastern Ontario, a business which was taken over by his nephews. Mr. Jamieson and family came to Red Deer in 1909, and bought from Mr. Moore, agent for the Saskatchewan Land and Homestead Company, the west half of 15, on the hill east of town. Mr. Jamieson brought out some purebred Jersey cows that a hard winter followed his arrival and he lost some twenty-five cattle and twelve horses the following spring. He gave up this farm some years ago, selling it mostly as subdivided property, and has since resided on the farm at Burnt Lake and in Sylvan Lake village.

Mr. Jamieson was married on June 27, 1887, to Miss Marion Aitken, who survives him, and who has been his loyal helpmate for 53 years. The family had the great pleasure of celebrating the golden wedding of their parents three years ago. The daughters surviving are Mrs. Alex. Pirie, Calgary; Mrs. T. C. Ferguson, Wilkie, Sask.; Mrs. Arthur Wright, Hamilton, Ont.; Mrs. Jas. McKechnie, Rocky Mountain House; Mrs. W. L. McKinnon, Leslieville. The sons are V. G. Jamieson, Delburne; David Jamieson and Harvey H. Jamieson, Sylvan Lake. Mr. Jamieson's youngest brother David is still living in Chicago. Mrs. Jamieson's mother is still living at Pembroke at the age of 94.

Mr. Jamieson was a man of physical and mental vigor, well informed, broadminded, kindly, a keen fighter in politics and public questions, tenacious and holding to his ideas and plans ever ready to serve; reverent and misfortune never seemed to daunt his indomitable spirit or sour his speech. He served on the council of the town of Pembroke for years, and down east especially, he was a valuable worker and platform speaker in the Liberal cause. The interests of the farmers lay ever near his heart, and he was an active and influential member of the U.F.A., helpful in forming locals, and a proponent of the view that freight charges should be pooled uniformly like postage charges, and not according to distance; this system would do away with the evils of rebates, short haul charges, long haul charges, waterhauling competitive rates, and other evils, he contended. He was an attached member of the Presbyterian church, but was a most tolerant and good living man, and a warm supporter of church union. He was much interested in the location of the Presbyterian Ladies' College at Red Deer, was a member of the Board, and donated the beautiful site of 20 acres on the hill on which the College building (now the Hospital for Returned Soldiers) is erected.

The funeral took place on Friday afternoon last at 2 o'clock from the Presbyterian church to the Red Deer Cemetery. Jacques-Orme having charge of the arrangements. Rev. J. S. Shortt, of Olds, conducted the service.

SOUTH HAS SOME MORE FINE RAINS

For Three Days Rain Has Fallen
Practically Over Entire South;
Blown-out Areas Need More, However.

Calgary, June 18.—Rain has fallen intermittently for three days now in southern Alberta, and nearly every point has been touched by the downfall, some experiencing heavy precipitation, others not so heavy, but very satisfactory showers, nevertheless.

Since the heavens opened and the rain began to descend on Wednesday, there has fallen in Calgary, according to the records, three-quarters of an inch, which is considerable rainfall. Though there were good showers on Wednesday and Thursday, Friday's rain, since 5 in the morning, totalled a quarter of an inch. Rain fell during last evening also.

The rains are general throughout southern Alberta. In the districts north and east of Calgary there have been heavy rains, and reports come in that the roads and fields hold many puddles, and that the farmers were never in so happy a mood.

South of Calgary to the boundary, the rain has also been satisfactory heavy, although not as heavy in some districts there as farther north. The Lethbridge district and the Macleod and Altayside branch lines, have all experienced good rains for three days, and the most hopeful spirit prevails with respect to the growing crops.

Yesterday another good rain fell over the entire south.

WATCHING THE FLOODS
The rivers are commencing to rise and have gone up several feet in the last few days, but nothing serious has developed as yet. The irrigation department, is keeping close watch upon the situation, and Capt. E. H. Peters stated to the Albertan that while floods might occur, there was nothing at all alarming in the situation just now.

Both the Bow and the Elbow rivers have risen considerably since the rain started. At Loko Louisa, said Capt. Peters, the Bow was still rising last night, swollen by the melting snows, which are unusually heavy in the mountains this year. "The snow is very heavy, and there may be floods," said Capt. Peters, "but so far the rivers are keeping within bounds." The Elbow is still rising, and reports from the south are that the South Saskatchewan is also rising, although not alarmingly.

The concrete work on the new bridge at Hillhurst is being rushed forward, to avoid any extensive hold-up if floods interrupt the work. Night shifts are being run on the mixer, and a great deal of concrete work will be completed before the floods, if they do come, block the work.

RAIN IN SOUTH
Lethbridge, June 18.—Rains during the past three days have been heaviest east of here towards Taber and the town of Lethbridge. The Foremost line. This country is practically assured of a crop. East of Stirling, east of Taber and east of Kippis rain has been good. In the Lethbridge Northern irrigation district, however, where most of the blown-out areas are, very little of the recent rains has fallen, a light shower falling Wednesday, and there has been little on nothing since then.

The Cardston line has had a good rain, but in the Pincher Creek district there has been practically nothing.

The Foremost line is experiencing the wettest season in years.

6-HOUR DAY CLAUSE TAKEN OFF PLATFORM

National Council Women Believe It
Inapplicable to Housekeeping and
Farmers.

St. John's, N.B., June 18.—At the national council of women's conference here this evening papers were read on various subjects and the remaining clauses of the women's platform taken up. These included uniform marriage laws, minimum wage for women collective bargaining. The eight-hour day was eliminated from the platform, it being felt that it was inapplicable to housekeepers and farmers. The platform was agreed to.

It was also agreed that for the provincial platform all legal disabilities should be removed from the children of unmarried parents.

It was also suggested that there should be closer co-operation with the mother land and a complete suppression of young women immigrants from the time of embarkation to the time of their arrival at their destinations.

At last night's session Chief Justice McKeown addressed the women and urged that women had equal responsibilities with men in Canadianization problems. The question of Canadianization was left for a committee of three to deal with and report to the council.

Hon and Dearie.

A PUP FOLLOWS
HON AND HE
BRINGS A LIL
DEARIE'S HOUSE
IN HIM.
HE LOVES
ANIMALS -
THE HOMELESS
KIND -
IT'S A
GOOD
THING IT
WASN'T AN
ELEPHANT.

WOULDN'T
IT BE NICE
IF YOU COULD
KEEP HIM
DEARIE?

OH! ISN'T HE CUTE!
I'VE ALWAYS
WANTED A LIL
BOY WOVV.

TAKE THAT HOUND
OUT OF HERE - I
KIND HES FULL
OF FLEAS - LET'S
TIE

WE'VE
GOT
FOUR
MONTHS
TO FEED
MUSKIE.

I DON'T KNOW
HOW HE EVER
LIVED THE
SAUSAGE MILL.

HE FOLLOWED
HON BECAUSE
HE THOUGHT
HE WAS A
BOULE.

IF HE DID
HE'S A
BONE HEAD.

I KNOW HE'LL
THROW A FIT
AND BITE
SOMEBODY.

QUARANTINE
HE'S
FULL OF
ANIMAL
FOUKES.

HE WON'T
BITE YOURS
BECAUSE
THE KID DALL
GIVE HIM A
TREAT.

HE CAN'T
BE A
BONE
DOG. HE
HAS NO
TUMM.

HATTIE'S THINKING
WHAT A JUKE
HE IS. HIS
MIND
COULD BE
TURNED
INTO.

WE COULD USE
HIM TO CHASE
STAY CATS OUT
OF THE BACK YARD
AND IF HE DONT WE'LL
GIVE HIM RATS.

DOES HE
EAT MEAT?

YOU TELL
HIM TORNADO
YOU'VE GOT
THE WIND.

AS A USE
COMEDIAN
YOU'RE A
DOG
DISCUT.

IF THE FOLKS ADOPT
HIM THEY'LL HAVE
TO THINK OF A GOOD
NAME FOR HIM.
WE SUGGEST MAT.
WITH WELCOME
WRITTEN ON HIM.

WOOF!
SOUNDS LIKE
A WATER DOG.
LIGHT BARK.
RIGHT.

IF HE DID
HE'S A
BONE HEAD.

BRO.
LUKE
HE SEPT
A LIL PUP
TENT CAKE.

HE LOVES
DUMB
ANIMALS.
BROOD.

Mr. Proutt, of Virginia, Minn., who has been visiting his sister at Bowden, who in the city last week, and gave The News a friendly call.

We understand that a number from this locality are considering the advisability of moving to the Exhibition grounds in Edmonton and living in a tent on the fair grounds during the coming exhibition, July 5th to 10th. This camping ground was very popular last year, solving two problems for the average farmer—accommodation and expense. The exhibition management have made arrangements with a tent company to supply tents at \$5 for the smallest size, \$10 for the week, \$15 for the week for the 10x12 feet size, \$17 for the 12x14, and \$18 for the 14x16 foot size. Iron double-lar coats with straw mattresses are supplied at \$2.50 each for the week. Free parking space is provided inside each tent for motor cars. Campers must provide their own bedding. A kitchen with good stove and running water is provided for the free use of campers.

EXPERIENCED WAITRESSES wanted, or learners. Apply at the Commercial Cafe. June 23, 2w.

REQUIRED IMMEDIATELY—Competent girl or woman to undertake charge of household for 2 months in Calgary; four in family. Apply for full particulars to Thomas Ellis, at Post Office, Red Deer, June 9.

IF YOU NEED GLASSES our expert examination will determine exactly what lenses are required. If you don't need glasses we'll tell you frankly. But if glasses are a necessity let us supply them. We pay special attention to making up glasses that will suit your eyes and harmonize with your features. H. H. HUMBER Jeweler and Optometrist Red Deer

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Board of Trustees of School District No. 3907, Sylvan Lake P.O., by Secretary-Treasurer, up to noon, June 26th, for erection of a frame school building. Plans and specifications may be obtained from the Secretary-Treasurer on payment of a deposit of \$5.00, which will be returned on receipt of a bonafide tender with plans and specifications. The lowest or any tender will not necessarily be accepted. R. GIBBING, Sec'y-Treas. June 16, 2w.

TENDERS WANTED

The Red Deer Agricultural Society ask for tenders for the removal of the building which stands west of the Main Building to a point in line with the barn; also for the removal of the Poultry Building and the erection of an addition to same equal to present size. For further particulars apply to the Secretary. Tenders to be in the hands of the Secretary by Saturday, June 26th. J. E. WELTON, Secretary.
